PROFESSIONAL PROFILE

Janie Snider’s enthusiasm for property management expertise began with her desire, early in her career, to provide outstanding customer service. Janie started her career with a Houston commercial retail developer in the early 1980’s. In a property management role, she worked with leasing, development and construction personnel to ensure projects were completed on time and ready for occupancy. During this tenure, Janie embraced an ownership mindset that focused on tenant retention, preservation of capital, risk management and cash flow management.

Janie has 25+ years of property management experience and led Trammell Crow Company’s Houston property management division for five years prior to the CBRE/TCC merger. Janie was responsible for client and tenant satisfaction, financial reporting, and new business transition. In this role, Janie excelled at mentoring property managers, encouraging professional development and implemented best practices in a 15 million square foot portfolio. Prior to leading the property management team, Janie was responsible for property management of a 4 million square foot retail portfolio.

A Senior Vice President of Property Management and Principal with Griffin Partners, Janie provides executive oversight for daily property management operations. Leading through example, Janie ensures that Griffin’s property managers conduct business with a sense of urgency, diligent follow through and that they stay informed of industry trends and changes.

Janie graduated with a degree in Business Administration from the University of Kansas. She holds a Certified Property Manager designation from the Institute of Real Estate Management and is a licensed Texas broker. Currently, Janie is an Executive Council member of the Houston chapter of the Institute of Real Estate Management. She is a member of Houston BOMA. She enjoys gardening, bird watching and spending time with her grandchildren in Austin.
